

The following questionnaire is designed to help you identify your own attributes - the inherent traits that determine your perceptions of the world and the way you behave toward it.

All questions use the same scale. Read each statement, and indicate how accurate it is in describing you. Either:

1 = Almost never accurate

2 = Rarely accurate

3 = Sometimes accurate

4 = Often accurate

5 = Almost always accurate

Please move through the questions quickly and instinctively, without overthinking your responses.

Results will be sent to you via e-mail.
